Spring/Summer Newsletter

Dear Valued Client,

WOW!

- What a busy and exciting 6 months we have had at Body and Sole. I had no idea when I wrote my last newsletter in April, that 2 months later we would be in our own fantastic new salon, and my dream of owning my own premises, that has allowed me to offer Body and Sole fabulous clients (you), a great place to visit and to meet your skin and beauty needs was a possibility. I have appreciated your positive feedback and encouraging comments.

Over the next few years this dream will continue with the introduction of new and exciting treatments. If there are any services or treatments you would like us to introduce that we are not doing at present, please let me know.

The next stage we hope will be a decking and shade erected in the backyard. My youngest son Justin, who is just completing a garden design course at Urrbrae, will then create a tranquil garden we can all enjoy.

A BIG thank you to all my wonderful staff, for their encouragement and hard work. We had the new salon up and running in 4 days, a great effort. Another BIG thank you must also go to my husband Richard for always supporting my dreams and for all his unpaid work. Lisa's husband Jon and Jenny's husband Graham for their help and Carols husband Wayne for his big effort in creating the salon.

WHAT'S NEW

Dermalogica

Does your man suffer from - *Shaving rash,*Ingrown hairs or *5 o'clock shadow

These problems will be a thing of the past when you introduce him to Dermalogica's New Shave Products. Pre-Shave Guard, Soothing Shave Cream, Invigorating Save Gel, Close Shave Oil, Post Shave Balm and Daily Defence SPF 15.

All have been designed to deliver a better shave through skin health. Why not introduce him to this great range with the excellent valued starter kit. - A great Christmas Gift.

Medibac Clearing Range

As mentioned in my last newsletter, the Medibac Clearing range launched in July. It works to treat, clear and prevent adult acne while addressing the needs of adult skin. While stress creates the trigger for acne, overactive sebaceous glands contribute to the development of acne; The Medicbac Clearing range controls these factors without compromising the skins integrity. Eight new products are available to help you fight adult acne around the clock. Book a **FREE FACE MAPPING SKIN CONSULTATION** with one of my skin therapists.

Microzone Treatments

The new era of skin care. Excellent for the time poor client or to offer a specific skin result between your full skin treatment.

Experience a Flash Exfoliation, Eye Rescue, Rapid Spot Clearing, Black Head Relief, Lip Renewal, Hand Repair and Men's Skin Health. All within a 20 minute appointment. A great introduction for skin health.
